

Mixed Pairs campaign pays off

Who said a hard campaign doesn't pay off! The GDA was very happy to see a large contingency of female representation last week at the Mixed Pairs event.

Losing finalists (left): Francis Taylor / Christine Schmidzu
Winners (right): Kaz Bartram / George Federico

Twelve teams took part and considering the recent struggles of trying to attain ladies for the event we can now mark it as a huge success.

Not only did we have the participation of darting couples, we also had services ladies & GDA Ladies including a young Melanie Vilerio Rodriquez (5 years

old) who partnered with Dylan Duo and further lightened up the friendly atmosphere we were all being exposed to that evening.

Played in a best of 3 / 501 short format it was sure to be an exciting evening and it proved so with most games going the distance by 2 – 1 deficits.

Expected finalists were long standing partners Christine Schmidzu & pairs partner Francis Taylor. The other finalists were George Federico & Kaz Bartram (*even though not known in the local circuit she proved to be a very competent player*).

So competent in fact that George & Kaz took the final by winning it 2 - 1.

Many thanks to everyone that took part who made it an evening to remember. Further thanks must be extended to Jonah Jones, Nicholas Cumbo & Darren Olivero for their committed work as committee members.

GDA Notice: Please remember we still have the mixed trebles scheduled for Friday June 1st 2007. Any ladies wishing to take part can do so on the night (*registration 8pm*). If you require any further information please feel free to contact Henry on 54016470.
