

SUCCESS FOR GIBRALTAR DARTS PLAYERS AT INTERNATIONAL COMPETITION

Last years semi-finals successes between Justin Broton & Dylan Duo in both the British Darts Organisation 'International Torremolinos Open' and The

Kronenbourg 1664 'Gibraltar Open' where bettered twice over when both men joined forces to play together at the Torremolinos Open this year.

A historical event for Gibraltar dart players by winning a first major international open event and as such be the 1st Gibraltarians to be inscribed in the famous British Darts Organisation yearbook & diary.

With players from the United Kingdom looking for ranking points it makes the lives of any outsider a common impossibility but not this year.

With previous pairs winners such as: Peter Evison (*World Masters champion*), Paul Williams (*Finland Open Champion*), Aaron Turner (*Youth World Masters champion*) and Dennis Ovens (*to mention but a few*), all now consummate professionals; it is an honour to have 2 Gibraltarians listed amongst such calibre of darting men.

Lets hope that this recent success will be the ice breaker on the more than common shortfall of local players at international events.

Well done to both players on their win.
